

Patient-Caregiver Support Group Breakfast Social

Saturday, April 6, 2019
10:00am - 12:00pm EST

UNDERSTANDING AIRWAY CLEARANCE WITH ILD

Jess Garton, PT, Jess Wilson, PT

Please join us on **Saturday, April 6, 2019**, to a **Patient-Caregiver Support Group Social at St. Elizabeth's Medical Center, from 10am-12pm.**

The meeting will provide an opportunity to meet other patients and families in an informal social setting to complement our monthly support group meetings. We are delighted to have Jess Garton, PT, and Jess Wilson, PT, join us from the Pulmonary Rehabilitation team at Massachusetts General Hospital to address Airway Clearance with Interstitial Lung Disease. They will help answer and facilitate dialogue around the following questions:

- How does airway clearance help with interstitial lung disease?
- How do I perform airway clearance? How often? What device to use?

Parking and breakfast will be provided complimentary for attendees. To attend, please register on-line or notify us by phone or e-mail (see below).

LOCATION:

St. Elizabeth's Medical Center at Brighton Marine Building, 77 Warren Street, 3rd Floor, Conference Room 1, Brighton, MA 02135
